

HAMILTON AND HERKIMER COUNTIES

Scale: 1 inch = 2 1/2 miles.
1:158,400.

NOTE.
The land lines are shown by full black lines of different strength, showing the Patents and their sub-division into Townships, Parishes and Lots. The names of the Patents and the numbers of the lots are in red.
Where County or Town lines are coincident with land lines, the former only are shown.
